The Study

2014-2015

3233 The Boulevard
Westmount, Quebec

Published in Canada Printed in USA

Letter from the Head of School

When I walk through the halls of The Study, I am deeply impressed by the fact that as students, you are so capable of blending the traditional and the "cutting edge" philosophy that permeates throughout our hallways. You can easily find yourself in the library, enjoying the feeling associated with turning the pages of a hard-covered book, while another student, sitting very close by is using an iPad or a laptop computer to read the same book. I am impressed by the way in which all of you have learned to balance The Study traditions while envisioning, innovating and creating possibilities for the future.

As a symbol of your connection to The Study's traditions, you have received The Study's Centennial tie- a traditional representation of the past 100 years. The square shape and vibrant stripes on the tie are part of a concept that is decades old. The Centennial tie carries the history of our past. I am so proud that the Class of 2015 is the first of two "bookend" centennial classes to wear it in honour of our 100th anniversary.

As graduating students, you will become an extremely important part of The Study's family as members of SOGA, (The Study Old Girls Association). I am warmed by the fact that you will be there to guide our present students into the next decades.

Wishing you a bright and beautiful future!

Nancy Lewis Sweer

What a special year for The Study!! As we approach our Centennial year, it has been a pleasure to watch all the historical retrospectives at weekly assemblies, outlining the history of
The Study and the history of the world, decade by decade. It is wonderful to watch your reactions as you learn about Study Girls and habits of old, and how our daily lives here at The Study have changed so much, and, yet, how the traditions have remained constant and have helped to make us strong. Our strong sense of community and support of one another moves us forward and also supports each student as you spend your days here at The Study, and, also, when you move on to pursue all your ambitions.

To the Grads of 2015, I wish you all the best. I hope that the sense of community that you developed here at The Study will support you as you begin your post-secondary journeys. Please know that this community will always be here for you and we look forward to hearing from you in the future.

Antonia Zannis
Deputy Head

As I write this, the sun is shining, the sky is blue, and the halls are eerily quiet. You have completed another remarkable year, full of amazing activities, a few tears, and a million laughs. Thais yearbook offers a snapshot of the 2014-15 school year, and will no doubt become a souvenir that you will cherish forever, allowing you to look back and fondly remember the wonderful events, the fantastic accomplishments, and the incredible friendships you have built over the year.

To the graduates of 2015, thank you for your contributions to the school—you have left an indelible mark and will long be remembered. Your futures are bright and full of possibilities as you move forward on the fantastic journey of life. I hope that no matter how far you may go, you will always remember the "house on the hill", where you will be met with open arms and eager smiles.

Patricia Briand
Secondary School Director

Votre implication dans la vie de l'école et votre désir d'aider les autres sont motivants. Votre facilité à exprimer vos idées à travers divers projets a démontré votre fierté de partager vos connaissances. Conservez votre belle curiosité intellectuelle. Vous m'avez fait passer par toute une gamme d'émotions et vous m'avez certainement fait évoluer en me partageant vos joies et vos peines, petites et grandes. Je vous en remercie.

To all students, I wish the best and most restful summer ever. To our returning students, please come back to school with all your positive energy. To the girls who are leaving us this year, I wish you the best of luck in all your future endeavors. I hope you will come back to visit.

Sylvie Lafleur
Elementary School Director

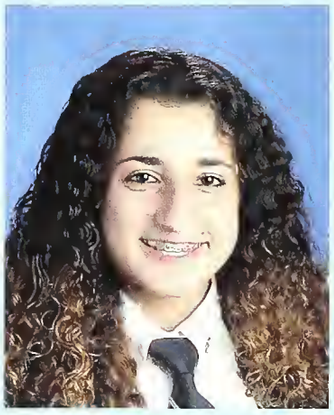
Yearbook Committee



The Yearbook Committee would like to congratulate The Study community for another amazing 100 years. We would also like to thank everyone who helped to make this year's book possible, especially Mrs. Papini, Deborah Ulcell and Sarah Munjan.

Head Girl: Megan Kouri

As cliché as it sounds, it really does feel like only yesterday that 6-year-old me was watching the head girl at assembly in awe. Little did my kindergarten self know, 12 years later it would be me filling those shoes. I still have to pinch myself sometimes to remind myself that it hasn't all been a dream. I am nothing but honored to have fulfilled the position and to have worked alongside such incredible girls on the Student Council. It goes without saying that our hard work has paid off, because I think we succeeded in making grade 11 our best year yet. No words can describe how proud I am of you all. Sam, Fred, Catty, Camy, Chloe, and Rachel...WE MADE IT!!

Sub-Head Girl: Chlöe Shahinian

This past year as Sub-Head girl of the Student Council has been simultaneously challenging and rewarding. When I was first elected, I was unsure of what to expect. Before I knew it, I was thrown into a whirlwind of meetings, activities and organization. I want to extend a huge thank you to the six other formidable girls whom I had the pleasure to work with. Be it the hilarious minutes or our constant scheduling difficulties, we always managed to have fun in the most stressful of times. I hope that my successor has the opportunity to experience the same joy that I experienced in this position and I wish her the best of luck.

Sports Captain: Catherine Boisvert

Ever since I arrived at The Study in grade three, I knew that I wanted to one day be on the Student Council. It was after joining many sports teams throughout highschool that I decided I had to do my best to become Sports Captain. Being elected this position and more importantly, being with all of these wonderful girls this year was truly amazing. All the moments we had together will forever stay with me even though this was our last year as a study family. I wish the best of luck for next year's Sports Captain and Student Council! Love, Catherine xx

Secretary: Camille Zeitouni

Being the Secretary on the Student Council this year was one of the most rewarding experiences of my study life. Along with six of the brightest young girls I know, we boost school spirit and we ot the honour to represent the student body. This year has flown by but I will cherish the memories I spent within our meetings laughing, stressing, debating... about anything and everything. Thank you to Megan, Chloe, Rachel, Fred, Samantha and Catty. I couldn't have asked for a better team. I love you girls!!

Treasurer: Rachel Kwong

I can't believe how quickly this year has gone by. It has been filled with many ups and downs, but being elected onto Student Council is definitely one of the highlights. To the other six girls on Student Council, thank you for making this year an unforgettable one. I will treasure all the great memories we've made. Even the crazy ones, like doing the ice bucket challenge at assembly! Thank you to Ms. Lewis and Ms. Bousser for helping us through thick and thin. None of this would have been possible without you. To next year's Student Council, make every moment count because it goes by faster than you think.

Entertainment Prefect: Samantha Sambrook

This past year has gone by so quickly and I realize how lucky I am to have had the chance to be a part of such an amazing student council. I am so proud of the work we've done this year and I am glad that I got to spend time with such a funny, creative and intelligent group of girls. There is no one I would rather have spent my Monday lunches with. Thanks Ms. Lewis for keeping us on track and for your unforgettable quotes in the minutes. I wish the best of luck to next year's Student ZZCouncil, enjoy every moment because it's over before you know it.

Elementary School Prefect: Frédérique Cannon

This might sound like the cheesiest thing ever but it feels like election day was yesterday. This year has taught me so much. I've learned how to work well in a team thanks to my wonderful friends on the Student Council, I've learned to stay positive from Ms. Lewis and I've learned commitment and patience from all the amazing elementary school teachers whom I've worked with. Being Elementary School Prefect was an incredible experience that I will always remember and I wish the best of luck to the future Student Council. I'm sure you'll be great!

Grad Committee

When I was in grade 10, all I wanted for the year to come was to be grad head. I was so excited for the job since I knew I could have been good at it. This year went by so quick as grad head. It was nothing but a pleasure to be working with the grad committee on what we wanted the graduation night to be like. I'm going to miss my weekly Tuesday meetings with the girls and Miss Lewis. I am also going to miss our conversations about what's coming in terms of graduation in Homeroom. It's been real. xoxox

- Kayla

Community Service Head - Chloe Mavridis

Being this year's community service head has been an amazing experience. My time spent working alongside Mrs. Lewis organizing different activities and events encouraged me to not only give back to the community but to get involved as well. It was really heart warming to see the time and effort Study girls put into their volunteering and giving back despite how busy they all are.

Love

Chloë

Girls for the Cure Committee

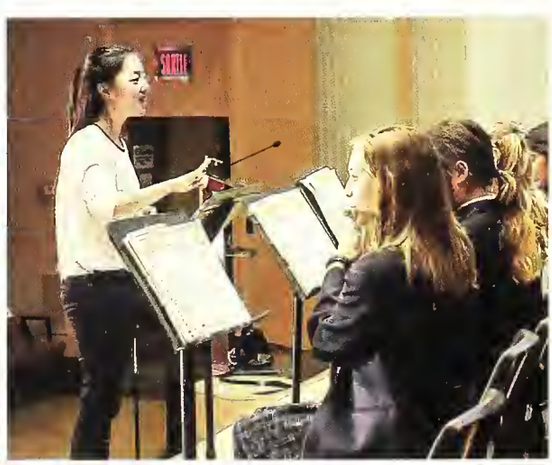
Alumni Prefect - Bridget Zicha

Art Head - Carina Sasse-Villemaire

Art is something I believe to be very important. Being the first Art Head to introduce S.T.E.A.M is something I feel very proud of because I've always agreed that art should be just as important as Math and Science. I want to thank all the teachers who helped guide me through this year and with whom I have worked closely with all year to accomplish our goals. Thank you also to the amazing group of girls that make up the Art Committee. Couldn't have done it without all of you.

Art Commitee:

Kate Haichin
Victoria Beaulé
Marisa Maria Dariotis
Amanda Morgan



Tuck Head - Taylor Geyer

As hard as it is to believe, my 12 years at The Study have come to an end. It's hard to imagine not walking up Braeside every morning.The Study has no doubt become my second home throughout the years and I know the friendships and skills I have attained here will last a lifetime. To all the teachers who I have genuinely connected with, thank you for all that you have done for me, I would most definitely not be here without you. Finally, to the best graduating class I could ask for, we have all grown so close together and I know my time at The Study will stay close with me forever. I wish each and every one of you the best of luck in whatever life takes you, but fortunately I will continue to see most of you all next year at Marianopolis as we carry on with our future endeavors.

I have loved so much selling candy to the youngsters of the high school and forcing my dad on last minute Costco runs for the past year. Even though my dad is over the moon that I'm done with this position, I most certainly am not. Sharing my love of sugar with the rest of the school has been such a joy and a quick shout out to the rest of Grade 11 for aiding me in the very difficult task that entails with being tuck head. Last but not least, I'd especially like to thank our customers, for without them our Grad would have been at McDonalds. Xoxo

Dear Beta Lambda,
Over the course of the last year, I have had the pleasure of being the Beta Lamda house head! Along side my sub head, Amanda, and sports captain, Chloe, this year could not have been anymore amazing for our house!!!! Being your house leaders has been so much fun this year and we wish the year we had together could've lasted longer. We'd like to thank each and everyone of your for making Beta Lambda the most special and spirited house at The Study! To next year's house leaders, we hope you have as much fun as we did!

BetaRho

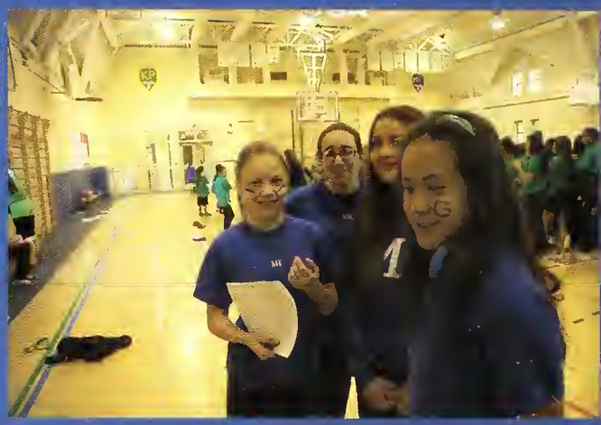
We love you so much Beta Lambda!

Emmanuelle, Amanda & Chloe

Dear Delta Beta,

It has been an amazing year with you guys and we had a blast being your house officials. All you Delta Betians have been amazing and have made being your house officials so much fun! It has truly been an honour to be able to share the past year with you girls; it made Marisa's and my last year at The Study the most memorable. We would like to thank every single member of this incredible house for being such an enthusiastic and spirited group of girls, whether its doing cheers or dressing up for house days, you have always given 110%. Good luck to next years House Head, Sub Head and Sports Captain!

Love you all,
Kate, Marisa and Grace



Dear Mu Gamma,
I am so glad to have had the chance to be your house head this year and I could not think of a more memorable way to finish my 12 years at The Study! Your great enthusiasm, kindness and dedication at every house-related event reminds me why I have been blessed with the best house ever! There is no doubt in my mind that I will ever forget your smiling faces at every house day, proudly wearing the blue house shirts and accessories, always ready to prove yourselves as unbeatable! Thank you to my Sub-Head and Sports Captain for always being helpful, kind and creative with your ideas! Thank you to Ms. Traylen and Ms. Bosnakyan for providing us with guidance and support throughout this great endeavor! Finally, thank you to every single member of this house who makes every event unforgettable and who makes us the greatest house!!!

We love you so much Mu Gamma!!!

Tiffany Mach, Victoria Beaulé,
Samantha Levy

Dear Kappa Rho

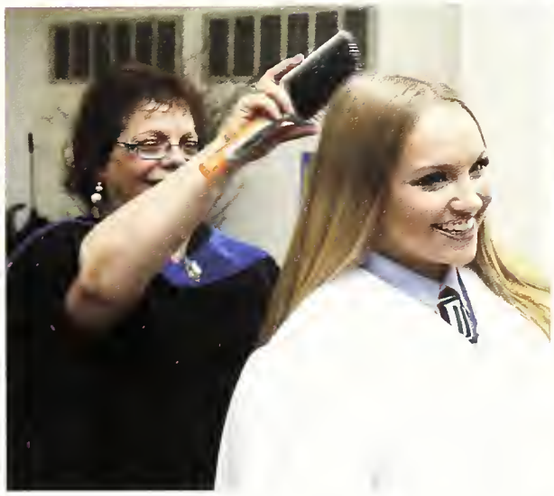
Being on the force of Kappa Rho this year has been an amazing experience! We've loved every part from planning activities to seeing all your bright faces on house days!! We were proud to see all of you cheering loud through all our wins and even our (very few) losses! The spirit you all bring is what truly makes Kappa Rho the best house, from making up cheers to green sunglasses, face paint and even Kappa Rho themed pumpkins brought in as accessories, we can truly say that no one goes the extra mile quite like we do!

Love,

Chloë, Taylor, and Victoria

Graduating 20

Class of 15



Sophie Battat

"Learn from yesterday, live for today, hope for tomorrow. The important thing is not to stop questioning." – Albert Einstein. I look forward to applying all the knowledge I have acquired at The Study to my upcoming adventures and the journey that lies ahead of me. Congratulations to the class of 2015.

Victoria Beaulé

375,000 kilometres, 2,250 hours. That's how long it's taken me to get to school and back every day for the past five years, and it could not have been more worth it. The Study has, over the years, become more than just school. It has become my second home. Through The Study, I've found my passion for film, I've traveled around the world and I've discovered countless opportunities. To my teachers and my friends, I owe countless thanks for making my time here unforgettable. The last five years have flown by.

Catherine Boisvert

"19 girls in your grade? Lol." Yes, yes we are. And to be fully honest, it's the best thing ever. We aren't just classmates; we are one big family. We are sisters who have been through tears and laughter together. We've handed each other coffees and literally dragged each other to classes because as sisters, it's "no woman left behind". A group of girls like us is irreplaceable, and it breaks my heart to see all of us part next year. I guess all good things do come to an end, but you girls will never be forgotten. Once a family, always a family.

Frédérique Cannon

It's hard to believe that I've only been at the Study for three years. This school feels like a second home to me and every girl in my class is like a sister. I've had the chance to learn from the best teachers, but the most memorable lessons come from each and every one of my classmates. I wish you all the best and I already miss seeing you all everyday. Thank you for three unforgettable years.

Marisa Dariotis

From the Teddy Bear breakfast to dancing at the final assembly, The Study has been my home. I am so lucky to have shared my journey with eighteen amazing girls and I will cherish the memories we have made forever. Thank you so much to all of the teachers for their patience- I would not be where I am if it wasn't for you. Although this big change is a little scary, I am excited for this new chapter in my life and I have no doubt that I am extremely well prepared, thanks to The Study. To next year's graduating class: when in doubt, go with B.

Taylor Geyer

As hard as it is to believe, my 12 years at The Study have come to an end. It's hard to imagine not walking up Braeside every morning. The Study has no doubt become my second home throughout the years and I know the friendships and skills I have attained here will last a lifetime. To all the teachers, thank you for all that you have done for me, I would most definitely not be here without you. Finally, to the best graduating class I could ask for, we have all grown so close and I know my time at The Study will stay close with me forever. I wish each and every one of you the best of luck.

Kate Haichin

I remember my first day of school in grade 3 as if it was yesterday. I still see my tiny-self walking up the Mount Everest-like Braeside hill every morning. Nine years later,The Study has become my second home. Thank you to my teachers who have have prepared me for the future challenges. Thank you to all my friends for making this journey worthwhile and for all the amazing memories we shared. The biggest thanks goes to my family for your support and patience throughout the years. I will never forget my time at The Study and good luck to the Grads of 2015. I love you all!!

Megan Kouri

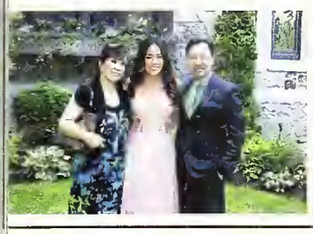
It's scary to think that 12 years ago, my greatest accomplishment was telling my kindergarten teacher what year it was: 2003. Between then and now, I'd like to think I've accomplished more, all thanks to The Study, and the classmates whom I consider my sisters. Through bandtrip bus breakdowns and freezing cold leadership retreats, we've survived it all. They say graduation is one of the best times in life, but how can I call the end of my time at The Study a good thing?! Despite my reluctance (and borderline refusal) to leave, I couldn't have asked for a better 18 sisters to graduate alongside. Congrats Studhut class of '15, I love you all!!!

Rachel Kwong

If I start counting from kindergarten, I've been to a total of 8 different schools. I'm proud to say that the school that I've been to the longest is The Study. I think that means something... Throughout these past 5 years, I've gotten to know myself better and I owe it to all the people I've met. Whether it be this year's graduating class, the other study girls, my teachers or my coaches, I want to thank you all! I want to especially thank those who have helped me throughout my last year because without you, it would not have been as successful.

Tiffany Mach

The most important lesson that I've learned at The Study is to be independent and to believe in the power of sisterhood. After twelve years at The Study, I have made unforgettable memories and friendships. It's heartbreaking that this journey has come to end, however, I will cherish all of these experiences throughout my future endeavors. Thank you to all of the caring and supportive teachers who have helped me achieve my full potential. I would like to thank the class of 2015; these past few years would have been unbearable without your constant support, enthusiasm and great sense of humor. I wish you all of the best for your future career paths and I know that the Study community will always be a big part of my heart.



Chloë Mavridis

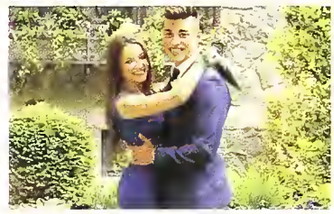
I came to The Study in grade one. Over the years I've learnt everything I'll ever need to know right here at my school, not only from my amazing teachers but from the amazing group of girls I grew up with. I'd like to thank my parents and my brother for supporting me, and my sister for teaching me the important things. Most importantly I'd like to thank my friends for sharing this amazing experience with me.

Amanda Morgan

The past twelve years at The Study have been more amazing than I could have imagine. Words cannot explain how thankful I am to everyone who helped me get to this point. My loving parents and family always pushed me further and my teachers shared their wisdom with me along the way and allowed me to be an informed citizen. To my graduating class, you are like my sisters. I wish you all the best of luck.

Kayla Pomponio

When I came to the study in grade 9 I really had no idea how the next 3 years were going to be like. Now, as a graduate, I am able to say that my time at the study has been nothing but the best time of my life. I've made so many memories with each girl in my grade and I believe that we will be friends forever. Thank up to CSV, FC, TG, MK and SS for being my best friends and sisters. I love all you girls and don't doubt that we're all going to do amazing things. Love you all xoxo

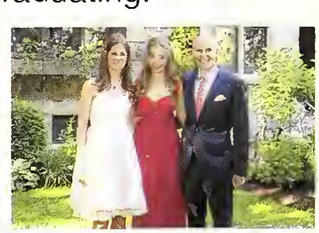


Emmanuelle Rochefort

It's hard to believe that my life at The Study is already coming to an end. The last 5 years I have spent here at my second home would not have been the same without the 18 amazing girls I've had the pleasure of sharing all my memories with. From merging our houses (S/O Beta Rho & Cmav) to having sit in the same spot english spot for the last three years (CZ <3), these memories and the people I share them with are not soon to be forgotten. See basically all of you at Mario next year!!! xxx

Samantha Sambrook

Having spent 12 out of 17 years of my life at The Study I can't imagine what it will be like to show up at a different school in the fall. It feels like just yesterday that I was in junior school looking up at the big girls and it's strange to think that I am now one of them. My Study experience has fully prepared me for any challenges that lie ahead and I know I leave with lifelong friends and amazing memories. Thanks to all my teachers and especially to my friends who made the journey so amazing. Love you all and I can't believe we're graduating.



Carina Sasse-Villemaire

Trying to fit the most memorable 4 years of my life into one paragraph is not exactly the easiest thing to do. Coming into grade 11, I never understood that there would come a time where we would have to leave because The Study has served as a second family to me for so long. To the class of 2015, to my best friends (KP,MK,TG,FC,SS), my sisters I love you all and thank you for making me feel like a part of something as great as all of you are for the past four years.

Chlöe Shahinian

"You should be wearing full dress!" Those were the words that started off my Study journey and it has been a thrilling one. Be it the constant activities and events, there is never a dull moment at this school and no two days are exactly the same. Words cannot even describe how thankful I am to all of my classmates, for all the hilarious and heartwarming moments that I will cherish for many years to come. To paraphrase Shel Silverstein: endings really are the saddest part, but I sure got a happy middle and a very happy start.

Camille Zeitouni

It's strange to think that my life at The Study is ending. For the last 5 years, I have woken up (almost everyday) to 18 beautiful (sometimes smiling) faces. The memories we have shared together such as surviving the wilderness for one night (S/O team 43) and our numerous gossip sessions in the locker room are some that I will cherish forever. Even though we won't spend every second with each other from the hours of 8-3:30 from Monday to Friday, I know we will stay as close as we are because in the end we aren't just the StudHut class of 15, we are family.

Bridget Zicha

I can't believe that my four years at The Study flew by so quickly. It feels like it was just yesterday that I walked up Braeside for the first time. As sad as I am to leave, I am looking forward to the future and applying all that I have learnt at our school. I feel fully prepared for all challenges that are yet to come and would like to thank my parents, brother and teachers for all of the amazing opportunities, encouragement and support that they have given me throughout my time at The Study. Finally, I would like to thank my graduating class for all of the unforgettable memories that we share. I will miss you girls and I wish you all the best!

Banquet

Thank you Ms. Traylen,

All past and present Study girls would like to thank Ms. Traylen for everything she has done for the students and the school. Thank you for being our Study mom, our cheerleader, our professonal photographer, and everything in between. You have watched everyone of us become better athletes and, through your guidance, better people. You taught us the importance of balance between good sportsmanship and competitiveness. You encouraged us to be the best we could be and we will always be thankful to you for all the hard work and efforts you have put to makes us who we are today.

Congratulations on your retirement and best wishes!
